

Production ready art supplied on disk should have all images placed and cropped as they are to appear in final graphics. All text should have been proofed for spelling and grammar. Partial art provided on disk does not constitute production ready art and may incur art / computer charges. Art that is not production ready may also extend normal production time of 7-10 days.

**It is recommended that files be built at  
100% of size to avoid scaling issues.  
No bleed is required.**

Quickscreen #3  
33.5"w x 88"h  
Live: 33.5"w 79"h

For Dyesub Banners follow  
InkJet Instructions
